PACK LESS, DISCOVER MORE!

Smart lightweights, perfectly packed – the year-round travel line!

'Pack less, discover more!' is the motto of the innovative PACK AND GO! series. It is the ideal Travel Collection – all of the styles feature compact stowability, light and can be perfectly combined with each other. The modern products with smart functions are also characterized by powerful performance and offer **innovative protection in any weather**. They are versatile, super elastic for optimum freedom of movement and

extremely fastdrying. Recycled materials are used in selected styles in the current season. The casual PACK AND GO! products are suitable for **active weekly end trips** as well as for daily trips in the city and **eventful excursions** in the surrounding area. Practical extra: each product can be stowed in a separate or integrated pack sack.
